

ANNOUNCEMENT

I am pleased to announce that **Gabe Preczner** will be assuming the position of **General Manager** for Formost mediaOne, an OSG Company (FMO), with responsibility for the entire organization in Canada effective January 21, 2019. This position will report directly to myself.

As we transition our business to a more corporate and structured environment with our acquisition by OSG, Gabe will be focused on leveraging best practices from the industry and OSG companies, aligning our business to strengthen our presence in the financial services industry supporting growth and our expanded services in the region. This will include integrating the Print and BCS business into one combined business enabling our ability to offer a range of services to our customers by creating efficiencies, streamlining how we operate, and aligning our structure and values with the OSG family.

Prior to joining FMO, Gabe worked as a consultant in the printing industry, for the Ontario Ministry of Consumer and Government Services, Webcom Inc., and Moore, Moore Wallace, and RR Donnelley since 1987 in various senior management roles, including Senior Vice President, Operations, Vice President and General Manager, Business Communication Services, and has worked in many divisions, including assignments in Canada, USA, and the UK. Gabe has served in various production, client services, purchasing, data processing, systems implementation, plant management, and divisional responsibilities.

Gabe has been involved directly with the management of Data, Print, Mail, Commercial, Fulfillment, and Book printing businesses for over 30 years with a focus on digital printing, optimizing workflow, and has a very thorough understanding of all aspects of these operations.

Gabe can be reached directly at gpreczner@fmo.ca or 905-789-3006, or in person. If you have not already met Gabe, please feel free to introduce yourself.

Please join me in wishing Gabe success in this exciting new role!

Thomas Harter, Jr.
Executive Vice President, OSG Financial and Business Services
President, Microdynamics Group
